THE GAZETTE.

TUESDAY EVENING, JUNE 9.

The bill to amend the sections of the postal laws fixing and presenting the method for adjusting the salaries of postmasters, which passed the House on Saturday, fixes the salary of the Postmaster at New York at \$6,000. All other postmasters are divided into four classes. The first class embraces those whose salaries are between \$3,000 and \$4,000, the second class those between \$2,000 and \$3,000, the third those between \$1,000 and \$2,000, and the fourth class all below \$1,000. The first, secand third classes are to be appointed by the President, and those of the fourth class by the Postmaster General. The salaries of all are to be paid in even sums of one hundred dollars, and the actual receipts and revenues of the office are made the basis of compensation. Salaries are to be adjusted once in two years. Duplicate accounts are to be made out showing the entire operation of the office. It also changes the method of cancellation so as to keep a more accurate account.

DESTRUCTIVE STORM.—The Martinsburg (West Va.) Independent says a violent storm passed over the lower part of that county on Friday last, and the hail was quite severe. The wheat crops on several farmes were entirely destroyed, and barus, fences and timber were blown down, the loss falling heavily on many farmers who were renters.

FOR SALE.

REAL ESTATE IN ALEXANDRIA CITY AND COUNTY.

The undersigned, in accor lance with the provisions of the will of Robert H. Miller, offer for sale the following pieces of property in the city and county of Alexandria, in the State of Vir-

The terms of sale will be agreed upon at the time of the sate, and will be easy and liberal to

the purchaser.

First: The large, well built and convenient three-story BRICK DWELLING, known as No. 77 Washington street, situate on the east side of said street, between Queen and Princess. This house is supplied with all the modern conveniences, including gas and water, a first rate bitchen programs of kitchen range, a steam heating apparatus of Gould's patent &c., &c. The lot on which it stands fronts 160 feet on Washington street, and runs through the square to St Asaph street, and contains about 38,000 square feet, or nearly one acre of land, and is in besutiful order. It contains a variety of choice fruittrees-pear, apple, quince and cherry, a line English walnut tree in full bearing, a good collection of small fruits, strawberries, raspberries, currants and gooseberries, good asparagus beds, and a

shrubs and plants. A more desirable residence than this is not to be found in the city. Second: A two-story MESIDENCE, front building frame and back building brick, on the east side of St. Asaph street, between King and Prince, with suitable out buildidgs, on lot front-ing 40 feet on St. Asaph street and running back of the same width for a depth of 92 feet. Third: A LOT on the west side of Washing-

large number of line rese bushes and other

Third: A LOT on the west side of the street, between Duke and Wolfe, fronting 78 feet 5 inches on Washington street and running feet 5 inches on Washington street and running No. 13 Union street, Alexandria Va. back 113 feet to an alley 11 feet wide. There is a large FRAMETENEMENT on this lot. ourth: The property at the southwest corner of King and Fitt streets, fronting 61 feet 64 inches on King street and 111 feet 7 inches on Pitt, consisting of SEVERAL STORES, occu-

pied at present by Thomas Hoy and others. ning through the square to Union street, of uniform width, and of a depth of 300 feet. Sixth: A WATER LOT at the northeast corner of Union and Queen streets, fronting 67 feet 7 inches on Union street and running into the

Warden's line, having the advantage of dock room of 33 feet, being the north half of Queen street. Sold subject to an improvement lease to T. J. Mehaliey. Seventh: A LOT situate on the east side of Union street, between Prince and Duke, fronting 30 feet on Union street and running of that

width into the Potonne. This lot has a wharf front or 38 feet, and has on it two large and commodious WAREHOUSES-one fronting on the Strand, now occupied by B. H. Lambert, and one on Union street, occupied by R. M. Lawson. Eighth: A LOT OF GROUND nearthe Stone a front on said street of 476 feet, and running back to the Alexandria and Fredericksburg

Bridge, on the south side of Duke street, having Railroad, containing about 3½ acres. This lot contains a never falling spring of good water, and is bounded by the west bank of Hoff's run, with the privilege of using its water. The terminus of the Street Railway is on to is property, and it is susceptible of division into building lots, which would be very desirable for mechanes and others wishing to make homes for them-Ninth; A TRACT OF LAND in Alexandria

county, near to but outside of the city limits, containing 13 or 14 acres. The east line of this lot, 1(0) teet long, binds on the Alexandria Canal, and the Alexandria and Washington Railroad and turnpike bind it on the west. This tract being in one compact body, offers singular advantages for a large manufacturing establishment, and being beyond the city limits it is exempt from city taxation. It is believed that there is a very large quantity of excellent clay for making bricks in this land, and the railroad and canal on either side of it would offer a cheap and easy means of convening them to a market. and easy means of conveying them to a market. Any of these pieces of property will be divided in such manner as the purchaser may desire unless the value of the same be impaired by such division.
